**Agreement to install Holding Tank**

I, \_\_\_\_\_, owner or authorized signatory of the  
(please print)

owner of lot \_\_\_\_\_, in Surfside, Playa Potrero, Guanacaste

Folio Real # \_\_\_\_\_, Catastro # \_\_\_\_\_

hereby acknowledge that I have submitted an application for water service to ASA Potrero. Upon approval of the application by the Board of Directors, ASA Potrero agrees to deliver water to the meter they may install on the above lot. I understand that the water pressure and supply is subject to fluctuation depending on consumption and occasional interruption due to power outages and ongoing maintenance.

I further understand that in order to ensure a constant and consistent supply of water delivered by ASA Potrero, it is strongly advised to install a holding tank of at least 1,000 gallons capacity on my property. Using this water supply, I may install an independent pressurization system to meet my requirements.

I hereby agree to install a holding tank on the lot identified above.
